Professional Summary

Enthusiastic and versatile upcoming third year university student with a passion for learning, digital creation, and communication. A passionate performer with experience in oration, acting, performing, anchoring, writing and music creation. A developing interest in Physics and Psychology that compliments his CS understanding. Experienced in leading projects, organizing events, and engaging in cross-disciplinary academic pursuits. Proficient in multiple languages and driven by a desire to break language and cultural barriers through innovation and dialogue.

Education

Ashoka University BSc. in Computer Science and Mathematics with a Minor in Psychology — *2024*

- CGPA: 3.49

S.N. Kansagara School, Gujarat
ISC (Grades 11–12, PCME/CS) | ICSE (Grades 9–10) — *2024*

- Grade XII : 95%
- Grade X : 93%
- Honor Roll Awarded(Grades 11 & 12)
- Asset Gold Scholar (Top 50 Nationwide, Grade 8)

Indian High School, Dubai
CBSE (Grades 1–7) — *2018*

- IBT Distinction & High Distinction (Grade 4)

Trinity College London
- *Level 1 Orator Certification*

Languages

- **English** – Proficient
- **Hindi** – Native
- **Gujarati** – Native
- **Urdu** – Proficient
- **Persian** – Intermediate
- **Arabic** – Beginner
- **Spanish** – Beginner

Non - Technical Skills

- **Expert Orator and Performer**
- **Novice Actor**
- **Tutoring**
- **Writing English and Urdu Poetry**

Technical Skills

- **Programming Languages**: Java, Python, Ocaml(Basic), C, JavaScript, HTML, CSS, MIPS.
- **Creative Tech**: p5.js (2D and 3D)
- **Tools**: VSCode, Eclipse, Canva, PowerPoint, GitHub
- **Web Development**: Front-end design, website optimization, animation integration

---

Extra-Curricular Activities

- Hosted 6 school events including the republic day, investiture ceremony,
- **Gold Medalist**:
  - Orator Fest Champ(Grade 12)
  - English & Hindi Recitation (Grade 12)
  - Hindi Recitation (Grade 11)
- Performance poet (2 poetry nights)
- Cast member of a film production at Ashoka University
- Given verbal commendations in 2 MUNs

Tutorship- Experience

1. Lodha Genius Program – Teaching Assistant (Academic)
2026 May-June

- Part of multiple workshops where I helped facilitate students academically
- Designed course material (Jupyter Notebooks and modified datasets) for Single cell Spatial Transcriptomics using Vizgen Mouse Brain Data
- Facilitated the use of Arduino Uno and other electronics in use for the students
- Electronics utilized: BioAmp EXG Pill,Neuro-PlayGround Lite.

2. Ashoka Uni – Teaching Assistant
2026 Oct-Dec: Introduction to Computer science

- Helped facilitate the course (Created OCaml assignments and evaluated students. Addressed doubts)

3. The New Learning Express – Founding Member
2020-23

- Mentored students in oration, poetry, and public speaking
- Promoted non-traditional literature forms (Dohas, Shayari, Shlokas)
- Led workshops and performances to build communication skills

Summer School

1. ACM Summer School - IIT Bombay (Trust Lab)
2026 June

- Learned theory and skills required to securely implement cryptographic and security-sensitive algorithms and to simulate and resist against side-channel and fault-based attacks.

Content-Creation (Science)

1. Teaching about Clouds (with Experiments) (Youtube)
2025 | Light/Physics/Chemistry

- https://youtu.be/6G6ghxcVqKE?si=zcoAf1uafXEPTkqi

2. Quantum Error Correction Explainer
2025 | Quantum Mechanics

- https://youtu.be/u08Zpu2_f8A?si=-dZBNTs2eDwyqbpN

(Philosophy) - @parshwhat_

Projects - CS

1. 2D Game- Looking at Prufer Code Storage Architecture for efficiency
2025 | Computer Science/ Graph Theory

- Created a dungeon style 2D rpg game that incorporates the mapping of Prufer Codes to trees as a mechanism to store a 2D dungeon map pathways/tree into a single array giving storage efficiencies. (Research Project)

2. Graph analysis pipeline: Binary mask to Graph resilience analysis (Currently for roads)
2026 | Machine Learning/ Computer Vision

- Converted binary road masks to networkX graphs (based on ISRO Challenge 4)
- Find critical nodes, edges and calculate failure scenarios

3. ATLAS: A knowledge module to content automation pipeline
2026 | Playwright/ LLM integration/ API/ CLI

- A CLI tool that automates a creator's workflow by orchestrating content around a knowledge module and publishing.

4. CV Python project to control WebGl animations with a hand recognition model
2025 | Model Use/ Computer Vision

- Used a hand tracking model to control a 3D object-model in a WebGL interface that maps orientation, scaling and translation to hand gestures.

See more Projects: *Cat-logo-in-github*

Clubs/Societies-Experience

1. Head of Social Science Vertical (ACM-Ashoka)
2026 - 2026 | ACM: Ashoka chapter

- Founding member and head of Social Science vertical in ACM-Ashoka chapter.

2. Head of Technology (WEB-Dev)
2025 - 2026 | Agneepath: The sports fest

- Helped make the registration forms and the main website for the sports event. (dev: Node.js, nginx server config)

3. Head of Event vertical
2025 - 2026 | Comic Sans: The Comic's Club

- Organized events like game stalls, debates, comic book creation workshops and other other multi-club collaboration events. Planned a chocolate sale and comic book sticker sale to generate revenue.

3. Member of Website Development
2024 | Physics Society

4. Member of Beta Testing and PR Department
2024 | Ministry of Technology

Others:

- **Cast of Multiple College-Film-Crews**
  2024 – 2025
- **Curated and Created Writings, Scenes and Snippets of Life (Substack)**
  2024 – Present
- **Lead, Bagasse Project (Received multiple awards for innovation and presentation)**
  2023
- **Writer and Editor, School Editorial Team**
  2023
- **Orphanage Outreach Program – Event Organizer**
  2023
- **Dungeons and Dragons Website Development**
  2022
- **Built MS Edge Custom Start Page**
  2024

Research- CS

1. ICASSP submission: VISIBILITY GRAPHS AS A NON-SPECTRAL FRONT-END FOR COUGH-BASED TUBERCULOSIS TRIAGE (Under review)

2026 | Graph based classification models/ Graph construction

- Co-authored a paper proposing a non-spectral alternative bypassing time-frequency transformations by mapping raw audio into networks through sign-aware Natural and Horizontal Visibility Graphs (SA-NVG, SA-HVG).
